Allergy Advice

If you require further information on ingredients which may cause allergy or intolerance, please speak with your server before you order your meal, as not all ingredients are listed. some of our meat is cooked sous vide & some of our cheeses are unpasteurised.

If you do have a food allergy, it is helpful to us if you could inform staff so that we can ensure that the dish you select is not at risk of cross contamination by other foods during its preparation & service.

All our food is produced fresh to order, most of our dishes take at least 20 minutes to prepare, so please be patient. If it takes slightly longer please don't panic; it may just be busy in the kitchen
